# Unduplicated Count (Point-in-Time) of Individuals Waiting with an Immediate Need for Division Services (FY01-FY06)

Immediate Waiting List counts are taken from USSDS Waiting List point-in-time (June) downloads for FY97-00 and from the Division Access Database for FY01-05 and do not include individuals receiving services and waiting for additional services. This count represents only un-served individuals. A person was counted if they had a priority "1" or "2", a critical ("C"), or an immediate ("I") need.
